A4. Project Description :	
The enterprise will manufacture high-demand goods: disposable diapers. According to preliminary accounts the project is to be realized during 3-4 years and includes acquisition or rent of about 5 thousand sq.m. of work areas. To ensure its effectiveness and quality, the enterprise will be outfitted with modern automated equipment. Initially it is planned that the enterprise will manufacture 50 mln. items per year. The project's financing – an investor's attracted means.	
a. Project cost (mln euro):	
7	
A5. Background / history / overall programme / related or similar projects:	
At present in the Republic of Belarus there is no production of disposable diapers. Disposable diapers represented in the Belarusian market are imported from abroad. The need in these products in Belarus makes up 15 mln. euro annually. A recent market research shows that disposable hygienic products sector is constantly and rapidly growing.	
A6. Environmental impact summary:	
New production technology fulfills requirements of environmental and manufacturing safety.	
A7. Possible obstacles/ problems/ risk assessment:	
The main threat to the project is the growth of competition in Russia and other CIS countries.	
A8. Term of realization / term of recoupment:	
3 .5	
A9. Project's branch:	
Wood-pulp and paper industry	
<b>B. Capital Cost Items (additional requirements for project):</b>	
B1. Project physical components	B2. Capital cost (mln euro)
Business-plan and design estimates development, premises construction, equipment acquisition (Italy, Germany) and assembling:	7
B3. Sub-projects by location	B4. Project cost (mln euro)
<b>C. Capital Resources Available from Sponsors/ Proposers:</b>	

C1. Resources 'in kind', grants, investments, equity / ownership, etc.	C2. Amount (mln euro)
	7
<b>E. Demand (users) and revenues:</b>	
E1. Type of users/ markets, volumes, pricing, revenues, quantifiable benefits/ savings:	
The production will be supplied to healthcare organizations, Belarusian population, exported to Russia, other CIS and Western Europe countries.	
E2. Revenues (Sales)	E3. Amount (mln euro)
<b>F. Operating and Maintenance Costs:</b>	
F1. Cost components, strategies for cost recovery, operating organisations, subsidies, etc.:	
F2. Cost Item	F3. Amount (mln euro)
<b>G. Net Income Value:</b>	
G1. Net Income Value	G2. Amount (mln euro)
<b>H. Project information source:</b>
